

Jesus Christ the King Craft

You will need:

- Jesus is King printable (next page)
- green and white crayons
- pencil or a black crayon
- 6 to 7 inch lid to trace a circle
- light blue paper
- black paper
- scissors
- glue stick
- glitter/glitter glue, sequins, and/or gems (all are optional)

1. Trace or draw a 6 to 7 inch circle on the blue paper using a pencil or black crayon.
2. Use the green crayon to add some green to the circle to make it look like the earth. Don't be too picky about this since most of it gets covered by Jesus.
3. Cut out the images and "Jesus is King of the whole world!" words from the next sheet.
4. Glue down the earth, the Jesus image, and words on to the black sheet (as shown). The children can "crown" Jesus. If you wish, say a prayer and have them all "crown" Him all at the same time.
5. Use the white crayon to add dots for stars on the black area around the Earth and the letters.
6. Stop there or you can take it a step further: Have the kids decorate the crown with glitter/glitter glue, sequins, or gems.

Jesus Christ is King!

Jesus is King

of the whole world!
